#### *Equipment, Materials, Supplies*

- Newsprint, Easel, Markers, Masking Tape

#### *Exercise Preparation*

- Review *Exercise 6-1: Team Role Analysis*
  - Prepare newsprint to demonstrate how to score each page.

#### *Room Arrangements*

Participants should be seated at tables with enough room to work individually.

### Overview

#### *Purpose*

The purpose of this module is to develop participants' ability to identify formal, or assigned, roles in a team, and to encourage a team to have members adopt support roles suited to their personalities.

#### *Objectives*

At the end of this module participants will be able to:

- Discuss individual roles within a team: team leader, team member, timekeeper, recorder, and coach as facilitator and trainer.
- Identify team support roles and the contributions each makes to a team.

- **TELL** participants another purpose is to find out how each person expresses his / her personality on a current team.
- **TELL** participants to turn to *Exercise 6-1: Team Role Analysis*
- **DEMONSTRATE** how to fill in the scoring sheet for each trait.

**CONDUCT** the activity

- **FOLLOW** the exercise directions. **HELP** participants correctly total and enter scores.

**SUMMARIZE** the activity

**OV 6-5  
through 6-9**

- **TELL** participants to read the description of their top scores
- **ASK** if they agree with this finding
- **EXPLAIN** that a member can assume a role that is NOT his/her top score, if he/she is aware of the need to do so and able to modify their behavior. This is easiest with roles that are second or third highest in score, especially when the scores are close together.
- **EXPLAIN** that a team needs to have representatives from all these roles to help the team develop, and a team that knows that roles its members have may see a “missing” role. In that case, someone with that role as a second or third score could take it on.
- **DESCRIBE** that in prior uses of this scale, we have found teams that lack process managers don’t have efficient meetings; that teams that have many harmonizers don’t use critical thinking and accept the opinion of the leader as truth; that some teams of health care workers have many harmonizers and technical experts, but few output drivers or politicians (might this explain why health care workers sometimes don’t accomplish tasks, or are not very persuasive?)
- **ASK** if they are willing to share their results – consider posting a summary sheet to see what the characteristics of the group are, ask them what they need to do to balance the roles.
- **TELL** participants that they may wish to use this exercise with the teams they are working with.
- **IF THESE TEAMS ARE GOING TO STAY TOGETHER TO DO QA WORK, ASK THEM WHAT THE IMPLICATIONS OF THESE RESULTS ARE FOR FUTURE WORK.** (Perhaps they have well balanced roles, perhaps not – they may need to encourage some members to “put on” alternative behaviors).

**Transition**

**REVIEW** module goals and link them to the next module.

## Exercise 7-1: Group Discussion – Conditions Supporting Positive Team Climate

### Guide for Leading a Group Discussion

#### *Preparation*

Arrange seating to encourage group interaction (e.g., tables and chairs set up in a “U” shape or a square or circle so that group members face each other).

#### *Guide the Discussion*

##### 1. State the topic or objective as part of the introduction.

Example: “We have 5 minutes for this work. The topic of our discussion is \_\_\_\_\_ (creating a positive team climate). The purpose is to come up with ideas of ways to promote \_\_\_\_\_ (*trust, openness, closeness, or high energy*) as one of the conditions for creating a positive team climate.

“Am I correct to think we all understand what a positive team climate is?” .....

“Can we come up with a description of a positive team climate?”

“What are ways to promote \_\_\_\_\_ (*trust, openness, closeness, or high energy*)?”

##### 2. Shift the conversation from the discussion leader to the team members.

Examples “Abdul, would you share your thoughts on...?”

“Rosa, what is your opinion?”

“Michelle, do you agree with my statement that...?”

##### 3. Act as a referee to intercede only when necessary.

Example: “It is obvious that Alain and Ilka are taking two sides in this discussion. Alain, let me see if I can clarify your position. You seem to feel that...”

##### 4. Summarize the key points of the discussion periodically.

Example: “Let’s stop here for a minute and summarize the main points of our discussion.”

##### 5. Ensure that the discussion stays on the topic.

Examples: “Sandra, can you explain a little more clearly how that idea relates to our topic?”

“Monica, would you clarify for us how your point relates to the topic?”

“Let’s stop for a moment and review the purpose of our discussion.”

##### 6. Use the contributions of each team member and provide positive reinforcement.

Examples: “That is an excellent point, Rosminah. Thank you for sharing that with

the group.”

**7. Minimize arguments among team members.**

**8. Encourage all team members to get involved.**

Example: “Maria, I can see that you have been thinking about this topic. Can you give us your thoughts?”

**9. Ensure that no one team member dominates the discussion.**

Example: “Christina, you have contributed a great deal to our discussion. Let’s see if someone else has anything they would like to contribute to the discussion.”

***Conclusion***

Conclude the discussion with a summary of the main ideas. The discussion leader must relate the summary to the objective presented during the introduction.

## Exercise 8-1: Ground Rules Worksheet

### *Instructions*

The goal is to develop a ground rule for your training team on each of the topics listed on the next page, following this process.

1. The leader will ask the person on his/her right to propose a ground rule for the first topic, Attendance.
2. The leader will ask if everyone agrees or if there is a change that someone else would like to propose. If a change is suggested, the leader will ask the training team to vote on the change - for the sake of this exercise, majority rules.
3. The recorder will write the agreed upon ground rule on the sheet.
4. This process will continue with the next person proposing a ground rule on the next topic, Promptness.

The time keeper will keep track of time. You have 15 minutes for this work (including introduction, activity, summary/close).

## Sample 8-2: Materials for planning, conducting and evaluating meetings

### *Agenda for a Project Team’s First Meeting<sup>1</sup>*

This agenda can be a model for your first meeting of a QI project team.. This model includes time estimates for each item (for a total meeting length of about 3.5 hours). Keep track of the actual times so you can get good at predicting how long your meetings will have to last. If you think that you will not have enough time to finish all of the items, indicate which are “musts” for this meeting. This format differs slightly from that for regular meetings because there is a great deal of orientation and just-in-time technical training to allow the team to begin improvement work.

<b>Project / Team Name:</b> _____	<b>Meeting Date</b> _____
Team aim / goal: _____ (as assigned by a higher committee, if a specific improvement aim has been identified)	
1. Review this agenda (5 min)	
<ul style="list-style-type: none"> <li>• Add items, delete items, estimate the time needed for each item.</li> <li>• Rank the items: must do today/should do today</li> <li>• Note item types: announcement, discussion, decision, action.</li> </ul>	
2. Brief introductions by team members (10 min)	
3. Review the aim / goal statement from the management team (15 min.)	
4. Explain the goals of this meeting (10 min.)

<ul style="list-style-type: none"> <li>• An icebreaker in pairs followed by a group activity (20 min)</li> <li>• A more detailed discussion of the process targeted for improvement. A description by all members of their roles in that process. (15 min)</li> </ul>	
6. Define the roles of the team leader, coach, and team members (10 min)	
7. Set ground rules and housekeeping rules (10 min)

## Exercise 8-3: Creating an Agenda for a QI Team

### Scenario

Imagine your team is one of three QI teams working to improve patient compliance with ARI Treatment Regimens for children under age 5. Your team is assigned the task of improving staff use of the ARI Standard Treatment Guidelines.

You are completing a meeting at which you decided that the next meeting will focus on the development of a flow chart to help analyze the current process of assessing and treating children under 5 with ARI.

### Instructions

**Your task is to develop the agenda for the next team meeting.** At least three types of activity must occur – information giving or discussion, decision, and task – use of a QI tool.

Remember in doing your work to assign team roles and respect time limits. You have 15 minutes for this exercise.

1. Complete the logistics / organizing for the meeting.

Date:	
Time begin:	
Time end:	
Team Roles:	Leader: Recorder: Timekeeper: Coach:

2. What are possible agenda items for the team if the task is to draw a flow chart of the current process of assessing and treating children with ARI? Consider the following:

What information must be presented?

What issues must be discussed?

What QA tools may be used?

What do team members need to do to be prepared for the meeting? (reading? information or data gathering?)

What just-in-time training might be needed?

What decisions must be made?

What actions must occur after the meeting?

When will the agenda and preparation materials be distributed?

3. Complete the agenda template on the following page, using the above information.
